LIVE THE RVA LIFE. HERE.

Complementing the immersive, energetic feel of shops and restaurants at GreenGate are the 230 residential homes dwelling on the hilly, southern-most section of the property. A mixture of single-family detached homes, townhomes and condos, the residences at GreenGate similarly highlight the craftsmanship and architectural detailing found in some of RVA's best neighborhoods. But along with the character and historical-fabric of the Fan, GreenGate homeowners will also have all the efficiencies and modern comforts of a newly constructed home.

Styled to honor the distinctive, authentic features commonly found throughout RVA, the homes' exteriors display tiled entryways, mansard roofs, and painted brick facades. And with details such as parapet walls, colored windows, and decorative trim, the residential homes' architecture carries forth the eclectic, historical look of the city; strolling the bustling streets is an experience in itself.
